
UV Accelerated Aging Test Chamber

Model: SRZY-C

Summary:

UV accelerated weathering aging test chamber can provide reliable aging test data to make the exact prediction of products' weathering fastness (aging resistance)., which is conducive to sift and optimize the formula. uv accelerated weathering aging test chamber is used in many industries, such as: paint, inks, resin, plastics, printing and packaging, adhesives, auto and motorcycle industry, cosmetics, metal, electronic, electroplating, medicine,etc.

Usages:

UV accelerated weathering aging test chamber is the most widely used UV Weathering tester in the world, there are thousands of ultraviolet aging testers coming into use. uv accelerated weathering aging test chamber has become the standard of the UV test, fit standards of ISO, ASTM,DIN,JIS,SAE, BS, ANSI, GM, U.S.GOVt,ect. It can simulate the damage of sunshine, rain, dew to the material quickly and exactly. Damage types including bleaching, discoloration, loss of light, powder, crack, turbidity, bubble-based, embrittlement, strength decline and oxidation need to be engenderd in months or years but can engender in a few days or weeks.

Specifications:

Product Name	SRZY-C UV Accelerated Aging Test Chamber
Inside box size	360* 500* 360mm (W * H * D)
Testing Lamp	3 pcs * UV lamp 20 W
Temperature range	RT~60°C
Material	SUS # 304 stainless steel
Test time range	0.01s~99.99s/0.1h~999.9h
Spray time range	1s~99min59s/1min~9999min (dual setting)
Sample dimension	75*150*(0.6)mm
Sample shelf rotate speed	3.7 cp.m
Water pump flux	47 L/min
Power	1.25KW

OUR CUSTOMER

Our Customers from different place

After-sales Service

- 1) 12 months product warranty. Free components will be provided if any performance failure occurs within 12 months caused by non-human damage.
- 2) If you face any problems in future during testing process, We will serve as a technical adviser for lifetime, give you a reply within 48 hours and the solution provided within 3 working days.
- 3) We will provide some guidance for the normal use of the machine, and in the case of the machine is not used for a long time, protection guidance provided, then keep the good performance of the machine.
- 4) We can offer operation video and operation manual, also can provide video-conference.
- 5) If necessary, on-site service will be provided, but the transport and travel expense shall be borne by customer.

SUNRISE Factory

We have professional packaging teams and shipping forwarder to pack and deliver your products safely!

1. Out packing: Standard export wooden case.
2. Inner packing: With careful stretch film wrap products, hard wood board + strong bandage to fix corners.
3. Checking teams: Specialized staff to inspect and classified your goods.
